About Me

Motivated Full Stack Developer with 5 years of experience building web applications using Next.js, React.js, and Node.js. Skilled in crafting responsive, user-friendly interfaces and delivering high-quality code on schedule, ensuring exceptional user experiences.

Skills

- Management Skills
- Leadership
- JavaScript
- Node.js
- MongoDB
- DevOps

Education

- General Education Development (GED)**
GED Testing Service 2024
Achieved the GED certification, demonstrating proficiency in core academic areas equivalent to a high school diploma. Strengthened knowledge in mathematics, science, social studies, and language arts, showcasing a well-rounded educational foundation.
- Matriculation in Computer Science**
Green Land Public School 2015 - 2017
Studied core subjects including mathematics, physics, chemistry, and computer science. Developed strong analytical skills and a solid foundation in scientific principles through diverse coursework

Experience

- Sr. FullStack Web Developer**
AONE POS Solutions / USA 2024 - Present
At AONE POS Solutions, I led the development of a point-of-sale system that streamlines sales and inventory management for businesses in the USA. Using ReactJS, NodeJS, and MongoDB, I focus on both frontend and backend development to enhance user experiences and optimize operations.
- Sr. FullStack Web Developer**
Feedo 2022 - Present
Responsible for developing user-friendly, responsive web applications. Focused on creating engaging user experiences using modern web technologies. Collaborate with designers and developers to ensure seamless application integration.
- Frontend Web Developer**
NFSea.tools / UK 2022- 2023
Responsible for developing clean, readable, reusable and maintainable solutions. Mostly work on Javascript technologies such as ReactJS and NextJS.
- Frontend Web Developer**
Kpibar / Spain 2020 - 2022
Worked as a Front End Developer on a Spain based SaaS company, where I had translated XD designs to responsive and interactive user interface using ReactJS and GatsbyJS
- Freelancing**
Upwork/Independent 2020 - Present
Worked on a range of freelance web projects from custom CMS, LMS, admin panels to ecommerce and serverless web applications so far. I build a web application from start to finish.
